### FULL LINER RTH/TH/HTH

#### Innovation, craftmanship and cutting-edge technology.

The know-how gained over time and the constant search for innovation and technology are completely resembled in the RTH, TH and HTH product ranges. From rotating telehandlers to fixed boom and heavy-duty telehandlers, Magni focuses, since 2013, on customer's needs of reliability and performance. Crucial for us, are the attention in the R&D phase, as well as the careful selection of raw materials and the dedication and precision of our production lines employees.
